

CHICAGO BLUES CRUISE

- A blues band that kicks ass! Hire us if you dare!

Chicago Blues Cruise delivers electric blues beyond the edge of the stage with lots of charm and cool interplay. Blues music was created as a festive feature in a hard and relentless everyday life in the cotton plantations of the American South. **Chicago Blues Cruise** continues the festive part of the tradition, so chalk the dancing shoes and come out and swing your legs as **Chicago Blues Cruise** puts the instruments in gear, let's go of the clutch and revs it up. You might as well surrender, you can't help but swing along when **Chicago Blues Cruise** takes the stage with humour and swinging rhythmic grooves.

Chicago Blues Cruise gives the blues classics a swing that will make you want to stay until the wee hours of the morning. The audience is drawn into the music and sings along when **Chicago Blues Cruise** turns it on.

Since 1997, **Chicago Blues Cruise** has grazed fat on the blues wilderness, and delivers an impressive repertoire with cool interpretations of the best numbers from the known and unknown corners of the blues. **Chicago Blues Cruise** solidly and stylishly sends the blues music out of its comfort zone and over the edge of the stage for any juicy blues event.

Singer and guitarist Peer Steen Mortensen is at the front with his convincing blues voice and crunchy lead guitar. He is flanked by Mogens Nygaard Jensen's funky rhythm grooves and his inspiring and whimsical lead guitar. The elegant chord combos and the spicy solos are provided by Michael Braüner Meyer both on piano and roaring Hammond organ. It all rests and sways on a stable bottom line from Thomas Laurberg Vedel's drum set and Rune Winkel Josephsen's rock-steady bass.
